

21 July 1954

**MEMORANDUM FOR:** Mr. Wilhelm  
Mr. Shaffer

**SUBJECT:** Regulation on "Coordination  
of External Research"

1. Attached is a proposed revision of [redacted]  
[redacted] The body of the revision is essentially the same as  
that approved in principal by all interested offices in the Agency  
last fall. The single major change reflected throughout the text  
is that made necessary by the transfer of the external research  
coordination function from OIC to Mr. Bissell's office.

2. I have tried to be especially careful not to intrude  
the coordination function between the research offices and their  
respective deputy directors. As you go through the text I  
would especially appreciate your noting whether I have succeeded  
or not.

3. If you think the regulation needs further discussion,  
perhaps we can get together sometime early next week.

to the Director  
for Planning and Coordination
